EXPERIENCE

Data Analyst (Freelance), Remote | 2024 – PRESENT

- Analyzed 1,000+ cancer patient records in the UAE, using Power Query and built an interactive dashboard Power BI that highlighted treatment patterns.
- Conducted exploratory data analysis on population related datasets from Kaggle involving Latin American countries, creating Excel visualizations for comparisons.
- Created reports and visualizations supported by research and extensive analysis for several international clients.

Academic Research Analyst and Writer, Remote | 2023-2024

- Conducted comprehensive academic research and statistical analysis on a wide range of topics, collaborating closely with clients to understand their project requirements, objectives and target.
- Consistently receive positive feedback and referrals from clients with a 95% satisfaction rate.

ICT Teacher, Eastern View British International School | 2025

- Taught ICT with a focus on Microsoft Excel, Microsoft Word, Microsoft PowerPoint and Scratch programming.
- This led to a 30% increase in digital literacy in the school which led to a substantial pay rise

PROJECT PORTFOLIO

Healthcare Treatment Analysis

- Analyzed over 1,000 patient records and visualized treatment trends, patient categories, and response patterns
- Applied DAX to measure Age range and treatment frequency.

Business Sales Analysis

- Cleaned and analyzed sales data from Kaggle containing multiple years.
- Uncovered insights into customer purchasing behavior and seasonal sales trends

CORE STRENGTHS

- Data Visualization
- Critical Thinking Skills
- Data Storytelling
- Business Insight Generation
- Remote Collaboration
